

Derma•Cen

PERINEAL WASH

- Cleans, conditions, and moisturizes delicate skin
- No rinse formula - saves time and effort
- Neutral pH - balanced to match and protect sensitive skin
- Herbal fragrance -minimizes potentially offensive odors
- New pump technology- use at any angle, including upside-down
- Appropriate for incontinence and ostomy care

Dermacen Perineal Wash is a neutral no rinse moisturizing skin cleanser, conditioner and deodorizer formulated to gently and efficiently remove urine and fecal matter while leaving skin soft and deodorized. Specially formulated for routine incontinent and ostomy care.

DIRECTIONS FOR USE: Spray DermaCen Perineal Wash directly to where urine, feces, or emesis has soiled skin. Remove bulk of feces or emesis. Spray additional product on warm, wet wash cloth and gently wipe skin of all remaining residue. Use clean cloth surface as necessary. Pat dry. To deodorize soiled pads, linens, and clothing, follow same instructions as above before laundry procedures.

STOMA SITES: After removing bag, spray on soiled areas of peristomal skin. Gently clean and pat dry. For ostomy appliance, spray a small amount into new appliance bag prior to application. Spray enough to cover inside walls to maintain appliance freshness and control odors.

INGREDIENTS:
