INSTANT HAND SANITIZER w/ALOE

- Sanitize Between Hand Washings
- Reduces Pathogenic Bacteria on the Skin
- No Water or Towels Needed
- Formulated to Soften & Moisturize the Skin

DermaCen INSTANT HAND SANITIZER w/ALOE provides effective control of handborne bacteria, keeping hands sanitized between regular washings. It is formulated to keep hands from drying out during repeated use, leaving them with a soft feel and pleasant odor. Independent lab testing demonstrates that **DermaCen INSTANT HAND SANITIZER w/ALOE** sanitizes hands against numerous pathogens, including *Escherichia coli*, *Staphylococcus aureus*, *Salmonella choleraesuis*, *Pseudomonas aeruginosa*, *Shigella dysenteriae*, *Proteus vulgaris*, *Salmonella typhi*, *Influenza A₂*, *Methicillin Resistant Staphylococcus aureus (MRSA)*, *Herpes simplex 1*, and *HIV-1 (AIDS Virus)*. All of the above organisms were *Time Kill* studied and were determined to have a 99.9% or greater effectiveness at 30 seconds.

Areas of use for this innovative product would include health care institutions, food service areas, restaurants, emergency vehicles, home health care, areas where hand washing is needed but water is not available, doctor and dentist offices, and any other place where clean, sanitized hands are desired.

DIRECTIONS FOR USE:

To use, apply 2-4 ml of **DermaCen INSTANT HAND SANITIZER w/ALOE** to clean, dry hands and rub hands together until dry. Use no water or towels. Do not rinse.
